- Biliary drainage: Options when conventional ERCP fails
- Dr Ziady
- 10h31- 10h40
 - Left lateral sectionectomy: the new standard of care
 - Dr Govender
- 10h41- 10h55
 - Left hemi-hepatectomy: approaches to the vascular pedicle
 - Dr C Kalenga
- 10h55- 11h10
 - Comments, questions, discussion

11h10- 11h20 Tea Break

11h20- 12h10 Colo-Rectal

- 11h21- 11h30
 - Colorectal malignancy challenges in the public academic setting
 - Dr Sumbana
- 11h31- 11h40
 - TATME in the public academic setting
 - Dr Forgan
- 11h41- 11h50
 - Anastamotic leaks in colorectal surgery
 - Dr Kgopane
- 11h51- 12h00
 - IcG use in colorectal surgery
 - Dr Forgan
- 12h00- 12h10
 - Comments, questions and discussion

11h51- 12h20 Trauma

- 11h51- 12h00
 - Innovating laparoscopic surgery in trauma patients in the public academic setting
 - Dr Makhadi
- 12h01- 12h10
 - Role of laparoscopy in retroperitoneal injuries- lessons from the master
 - Prof MZ Koto
- 12h11- 12h20
 - Comments, questions and discussion

12h20- 13h20 Lunch

13h20- 14h20

General Surgery (Hernias)

- 13h21- 13h30
 - Endoscopic retro-rectus hernia repair.
 - Dr Sardiwalla
- 13h31 – 13h45
 - Adult diagnosis of diaphragmatic hernias.
 - Prof Palanivelu/GEMS team
- 13h45- 13h55
 - Chemical component separation.
 - Dr de Jongh
- 13h56- 14h10
 - Laparoscopic approaches in challenging hernia repairs
 - Prof MZ Koto
- 14h11-14h20
 - Comments, questions and discussion

14h21- 14h50

- 14h21-14h30
 - Complicated appendicitis: How it benefits my training to attain proficiency in laparoscopic surgery.
 - Dr Moshwana
- 14h31- 14h40
 - Perforated PUD: Challenges in the middle of the night
 - Dr Mosasi
- 14h41- 14h50
 - The management of GISTs in our setting
 - Dr Mongwe

14h50- 15h30: Prof Becker- Ethics: Proverbs.

Closure: 15h31- 15h36: Prof Koto
